

Apex Conduct & Policy Acknowledgment

Oct 7, 2026 · @Khalif Rashid

Read each line, initial it, and sign at the bottom before your coach block. This form goes in your personnel folder.

Agent name (print)	Property	Training date	Trainer / Lead

I have read, coached and fully understand

Policy	What I agree to	Initials
Call-out	Call AND text my supervisor and the on-call manager at least 2-4 hours before my shift, every day I am out.	
Attendance	No more than 3 unexcused absences in 90 days. A no call, no show is treated as a resignation.	
Shift swaps	A swap is not official until management confirms it in Connecteam. I own the shift until then.	
Time & breaks	I clock in and out accurately and never work off the clock. 6+ hours includes a 30-minute paid meal break.	
Desk coverage	The desk is never unattended. If relief is late, I stay ('Holdover') and notify my supervisor. Leaving my post is a terminable offense.	
Devices	Personal phone silenced and stored on shift; used only on breaks or for emergencies. No earbuds on post.	
Boundaries	Friendly, never familiar. No personal or romantic relationships, contact sharing, or financial arrangements with residents.	

Policy	What I agree to	Initials
Confidentiality	Resident information stays private. No photos, recordings or social media about residents, the property or incidents.	
Respect	Zero tolerance for harassment. I report what I experience or witness. Retaliation is a terminable offense.	
Shift log	Every entry uses E.D.O.: 1 per hour, 2 logged tours, all 3 pass-on sections, every shift.	
Packages	I log every package before moving it and verify identity before every release.	
Incidents & emergencies	I call first, file an incident report before my shift ends, and phone the Regional Manager for anything involving safety, legal or police.	
Uniform	I am in full uniform with my name tag, at my post, at my start time.	

Signatures

I received this training, had the chance to ask questions, and agree to follow these standards. The Employee Handbook has the full policy for each line above.
